Making a *Difference* for 20 Years

Norwex was conceived in my home country, Norway, in 1994, and became reality through a chance discovery, as I was involved in a completely different line of work. What was this amazing discovery? What got my attention as the owner of a successful law firm? What had me transfixed was quite simply the remarkable power of a microfiber cloth and water to clean a dirty windshield, of all things. Suddenly, I became consumed with the idea of keeping our world as chemical-free as possible. I couldn't quit thinking about how to use this wonderful

discovery, microfiber, to clean more than just windshields using water only. Now 20 years later, I am proud to tell you that Norwex has been helping the world to radically reduce chemicals in personal care and cleaning for the last two decades.

As it becomes increasingly clear that chemicals are significantly altering our global environment and our personal health, people are beginning to first take notice and then take action. Norwex Consultants are improving our planet Earth by reducing chemicals in homes across the nation.

Please join us as we collectively take responsibility for our homes as well as our home planet.

Bjørn with his son Edward.

Bjørn Nicolaisen
Norwex Chairman

Now in our 20th year worldwide, Norwex is establishing a proud legacy. We're making the world a better, cleaner place for generations to come.

Debbie Bolton, Bjørn Nicolaisen and Gerd Doroshuk.

It All Began with Just a “Little” Red Cloth...

.....

My journey with Norwex began in 1999, when my dear friend Gerd introduced me to the power of a red microfiber cloth. Being a passionate, positive person, I couldn't wait to share it with others. It was “just a cloth,” but when we saw what it could do, we immediately understood its potential—especially knowing that it worked using just water. Imagine, fewer chemicals in our homes!

Working together, Gerd and I discovered that this little red cloth could make a big difference in not just our homes, but in *many* homes across North America. It took a bit of courage for us to put our trust in that little red cloth, but we began to purposefully share it with others. We believed in it, we dreamed big, and eventually our dream became our destiny—to leave a legacy for each other, for our families and for our world.

After 15 years in North America, we're making a difference in our homes and in our world. Working together, we are unstoppable!

We invite you to discover the power of Norwex for yourself. Try our products, reduce chemicals in your home and make it a safer haven for your family.

At Norwex, our vision goes far beyond the limited goal of just making a profit. Our Purpose touches many facets of life with the end result being the ability to collectively make a powerful and positive difference in the world we live in and the lives we touch.

Our Norwex Mission

Improving quality of life
by radically reducing
the use of chemicals
in personal care and cleaning

“There is a strong and direct link
between a healthy earth
and a healthy you and I.”

Bjørn Nicolaisen, **Norwex Chairman**

"Norwex was the first key step in a health journey for our family, for which I'm very thankful! I resonate with our purpose and mission of improving quality of life, and if I can help others begin their health journey or take another step in their health journey, it brings me joy!"

Our Global Challenge

- More than 80,000 new chemicals have been created—most have never even been assessed for their impact on human health.
- Indoor air pollution is one of the top five highest-ranking environmental health problems in America, with chemical levels up to 70 times higher than outside.
- The average consumer applies 10 cosmetic products every day, exposing their bodies to over 125 chemicals, which often have not been thoroughly tested.

The Norwex Solution

- **SAVE Your Health**—With Norwex products, you don't breathe, touch or ingest harmful chemicals.
- **SAVE Time**—Norwex products decrease cleaning time by 75% or more.
- **SAVE Money**—An average household spends \$600 – \$800 a year on chemical cleaning products and supplies. By using Norwex products, you can realize up to a 90% savings!
- **SAVE the Environment**—Safer, more natural ingredients help protect and sustain our environments.

Norwex Microfiber Cleans *without* chemicals

At 1/200th the size of a human hair, Norwex Microfiber is one of the most innovative products in the cleaning industry today.

- Lifts dirt, grease and grime up into the cloth and off the surface.
- Micro silver in a wet cloth goes to work using its self-purification properties against mold, fungi and bacterial odor within 24 hours.
- Using just water, surfaces are left free from **everything**—cleaned, polished and streak-free.

Use It Dry to Dust

Used dry, Norwex Microfiber is a superior duster, holding the smallest particles in its fibers, creating a cleaner surface that lasts longer with no harmful chemical residue to collect more dust.

Use It Wet to Clean

Used wet, Norwex Microfiber loosens and lifts the most stubborn dirt and debris up into the cloth and away from the surface. Simply wet thoroughly, wring well, fold flat and wipe away grime from all washable surfaces.

All Norwex Microfiber products carry a two-year warranty. Please visit norwex.com for complete details.

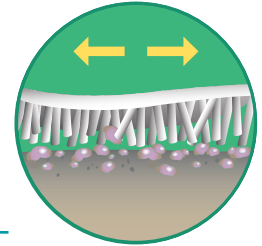

How Norwex Microfiber Works vs. Cotton

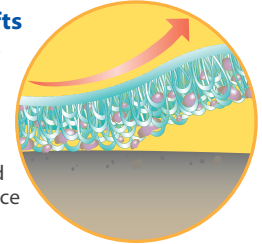

.....

Traditional cotton cloth pushes around particles, spreading dirt, grime and moisture into the surface crevices, leaving it moist and unclean.

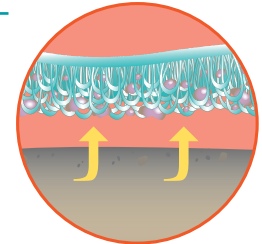

Norwex Microfiber lifts and collects particles

Used dry, Norwex Microfibers produce an electrostatic charge that attracts even the smallest particles of dirt, grease and moisture, leaving the surface free from everything.

Norwex Microfiber self-purifies

Used wet, the micro silver in the cloth goes to work with self-purification properties.

This graphic is noted throughout the catalog to differentiate those products that contain an antibacterial agent for self-cleansing purposes only. The agent is solely designed to inhibit bacterial odor, mold and/or mildew growth within the product.

Ergonomic Toilet Brush and Holder

Our rubber Toilet Brush features an ergonomic handle with non-slip grip and a special extension that reaches under the rim for quick and easy cleaning. The brush's ThermoPlastic Rubber bristles are more durable and flexible and won't wear out as quickly over time as standard nylon materials. These unique rubber bristles rinse completely clean with water, and when stored, do not come into contact with the holder, allowing for fast air drying. Won't rust or scratch porcelain.

Size: 13.4cm x 44.1cm / 5.3" x 17.4"

Item #: 357011 **\$19.99**

"The Toilet Brush is one of my favorite products and a top seller with my customers! You will be amazed to see how easy it is to clean under the rim. It handles hard-to-reach places so conveniently! The price makes this an exceptional value—and when paired with our Blue Diamond, this dynamic duo does it all! Très bon!"

Roxanne LeBlanc –
Senior Executive Sales Leader, Canada

QUICK TIP

Two drops of Blue Diamond on the Toilet Brush extension gets your toilet bowl rim clean in seconds!

FUN FACT

Easy-to-use, self-dispensing system combines brush and cleaner all in one!

Sanira Toilet Brush System

The Sanira System is produced from environmentally friendly raw materials and combines toilet brush, caddy and self-dispensing cleaning solution all in one. The non-poisonous, non-corrosive, vegetable-based cleaning solution is safe for septic systems and biodegrades within 48 hours. The brush is made without cavities, reducing the chance of bacteria remaining in crevices. Solution lasts approximately one year when used once a week.

Stem cell technology from a rare apple.

Norwex has taken skin care to the next level for those 35 and older. This unique skin care line captures the natural rejuvenating benefits of a rare apple, the Uttwiler Spätlauber. Stem cells from this apple are said to protect skin cell regeneration and so delay the onset of wrinkles. In combination, these sulfate- and paraben-free products are one of the world's most innovative skin care breakthroughs. No dyes, mineral oil, sulfates or parabens.

Naturally Timeless

Help *fight the signs* of aging

- Reduce appearance of fine lines and wrinkles
- Lessen signs of age spots
- Reduce signs of dark circles and under-eye puffiness

"I love being able to share that I use only the Body Pack and the Naturally Timeless line. My skin is smooth and glowing year round. This amazing company is radically reducing chemicals not only in cleaning, but also in the products that are closest to us, the ones we use on our skin."

“I Love Norwex!”

Creating a *legacy* of healthier homes
and *healthier families...*

“I’ve been with Norwex since the very beginning. My Norwex home-party business started in Canada 15 years ago, and now at 80 years old I’m still going strong! One of the most fulfilling things to me is that I’m being welcomed into the homes of the daughters of some of my original Hostesses! They now want me to help them and their friends radically reduce chemicals in their homes, just like I did for their moms when they were growing up. It’s extremely gratifying to see these legacies created and to know that I’ve helped create a ripple effect of healthier homes that spans two generations!”
